

CAPSULE **ViBR8** SPEAKER

BIG POWER - SMALL SIZE

Bring the Bass

Using patented 'vacuum' technology, the ViBR8 capsule speaker harnesses the resonance of a Subwoofer. When opened, the capsule expands like an accordion to deliver a room-filling 2.4w of sound with impressive bass.

Take me with you!

Just 58g with a diameter of only 54mm x 33mm high when closed, the ViBR8 capsule speaker is small enough and light enough to take everywhere you go.

Show me off

The ViBR8 capsule speakers appealing funky modern design brings your music to life. Share your harmony with the world, and your friends!

8 hrs
PLAYBACK

Get more playtime!

Suits MP3/MP4 players, laptops, and other audio devices with 3.5mm phono sockets. The ViBR8 capsule speaker uses a Blue/Red LED to alert you when charging its inbuilt battery and provides up to 8hrs of playback on a full charge.
